

THE TRIAD

RESEARCH AND DEVELOPMENT NOTE v0.1

Why this note exists

THE TRIAD is being published as a reflective prototype, not as a completed scientific claim. This note keeps the public product honest about what has been explored, retired, left open and not established.

Current retained status

- Motion / Condition / Horizon is retired.
- General irreducible triadic emergence is retired.
- RMP-0.1 remains frozen and separate.
- TRP-0 concluded: TRAJECTORY REMAINS OPEN BUT UNISOLATED.
- RHD-0.1 is held and not continued.
- QRP-0 closed the broad attentional-question claim as non-novel.
- OIX-0.1 failed its preregistered discriminator and is closed.
- Premature dimensional closure remains an open candidate phenomenon.
- PDC-0A is OPEN / INCOMPLETE / RESOURCE-BOUNDED.
- Three has not earned necessity.
- TRIAD self-consultation may generate questions but may never validate THE TRIAD.
- Randomness is stimulus selection, not authority.
- Interpretation generates possibilities; it does not manufacture facts.

Current minimum honest prototype

FOCUS: What is this reading making easiest to notice?

ABSENCE: What might this reading be making easier to miss?

ELSEWHERE: What might matter that is not organised by either of those?

The current tarot-adjacent interaction is Tarot -> Clarifier -> THE TRIAD -> Reflect -> Stop. The same three questions may be applied to one card, a card plus clarifier, or the overall statement formed after a completed spread.

What has not been established

The project has not established that three questions are uniquely necessary, that THE TRIAD reveals hidden truths, that it predicts outcomes, or that its usefulness validates any larger theory. The public prototype should therefore be judged as a transparent reflective practice with explicit limits.

Why publish now

A minimum honest prototype can be useful without pretending that every research question has been settled. Public use also creates an opportunity for criticism, observation and later testing, provided that feedback is not confused with proof.
